

Health & Safety Policy

Azumah Resources believes that health and safety are the first priority in all areas of work and that job-related injuries and illnesses are unacceptable. Azumah Resources will therefore:

- Provide a working environment that is conducive to safety and health
 - Integrate health and safety management into management practices throughout the company
 - Ensure that our leaders and managers are committed to creating a culture that makes health and safety an integral part of short and long term operations and all performance management systems;
 - Ensure that our employees and contractors understand and accept health and safety policies and procedures as a fundamental part of the business;
 - Wherever appropriate and feasible, set operating standards that exceed any relevant laws and regulations;
 - Incorporate health and safety policies and procedures into all contracts and enforce them;
 - Implement effective health and safety policies, procedures and management systems;
 - Provide all employees and contractors with the necessary training and equipment to carry out their work in a safe and healthy manner;
 - Carry out regular risk assessments to identify health and safety exposures and hazards with the potential for injury and illness;
 - Regularly test health and safety systems and procedures and emergency response systems to ensure their effectiveness;
 - Identify measurable objectives and targets that will drive the continuous improvement necessary to pursue and injury-free workplace;
 - Regularly review and audit health and safety systems, procedures and performance; and
 - Publicly report our health and safety performance.
